SAGAR PATELIYA

Riverside, CA | 408-507-9599 | pateliya.sagar7@gmail.com | linkedin.com/in/sagar-pateliya/

Bilingual Master of Science Candidate in Software Engineering with both project and web development experience, seeking internship opportunity.

EDUCATION

California Baptist University   Riverside, CA
Masters of Science Degree in Software Engineering   Projected Graduation 2019

Sal Institute of Technology & Engineering Research, Gujarat, India
Bachelor of Science Engineering in Computer Engineering   June 2016

TECHNICAL SKILLS

Languages: Core JAVA,
Web Technology: HTML5, CSS3,
JavaScript, node JavaScript, JQuery, JSP/ Servlet
, Response Web Development,
Databases: MySQL, Oracle, Mongo DB
Others: - Bootstrap

Application /Web Server: Tomcat Apache Server
IDE and Tools: Intellij IDEA, Eclipse, Atom
Concepts: Object Oriented Design, Responsive Web Development.
Testing Tools and APIs: Junit, JSUnit, firebug
Learning: React JS, Ajax.

RELEVANT COURSEWORK

Data Structure and Algorithm
Data Base Management System
Computer Networking
Object Oriented Programming with Java
Object Oriented Programming with C++

Web Application Development
Operating System
Software Construction
Security & Privacy in Computing

EXPERIENCE

Web Developer   June 2016 – Nov 2016
Isquare Technologies (HTML5, CSS3, JavaScript, node JS, Bootstrap)   Ahmedabad, India
- Worked with off shore client to attain the requirement, work with QE members to identify the test cases.
- Implemented the requirement based on the discussion with client in a timely manner.
- Collaborated with peer members to discover the design which is scalable and optimal for future use cases.

Undergraduate Intern   Jan 2016 – June 2016
Isquare Technologies (HTML5, CSS3, JavaScript, node JS, Mongo DB, Bootstrap, JQuery)   Ahmedabad, India
- Programmed a entitled *House Help Finder* where consumers can find providers based on service needs
- Created interface for service provider and service consumer
- Assisted with interface super users, which allows them to expand the site to different areas and cities.

ACADEMIC PROJECTS

Yahtzee Game (Java, Junit)   summer 2017
- Created a dice game that user can play and set a score.

Affiliate Marketing (HTML5, CSS3, JavaScript, Java, JSP, Servlet, MySQL)   July 2015 – May 2016
- Created a performance based marketing to earn money without investing.
- Coordinated with Clients and Sellers.
- Performed project in University Techfest -2016.

ACHIEVEMENTS

Received Shining Star Award based on performance at Isquare Technologies.
Part of the cybo insect group which shared computer engineering information.
